Dear Curtis...

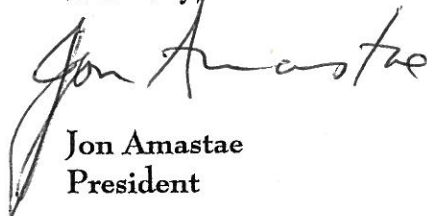

On behalf of the Board of NAMI, I would like to extend our thanks to you for your valuable contribution to our recent conference at the "NAFTA Institute" in Sunland Park, New Mexico.

It was great privilege having you participate, and our reports are that you were a terrific Speaker at this Conference. You added immeasurably to the success of this important event, and we are grateful to you for taking valuable time out of your busy schedule. We believe the final results will prove to be a valuable contribution to the debate and, hopefully, point the way to resolving the problems facing the three nations in addressing the issues of NAFTA.

We shall continue to stay in communication, and send you any follow-up information that you would like pertaining to this recent Conference.

Again, with our deepest thanks and best wishes.

Sincerely,

Jon Amastae
President
